Bun knows perfectly well that he meant it in a platonic way Still, he can't help feeling depressed To save their friendship, Bun tries his best to hide his truefeelings from Chaca A story of dealing with one's pure heart and desires. ♡

But Chaca, being naive as usual, straightforwardly declared, *"Bun-chan, I like you!"*

While messing around with each other in junior high school, Chaca groped Bun's chest who is his best friend From then on, Bun has been harboring impure feelings for Chaca

Where will these ulterior motives lead to?!
